To,
Dr. Diwan,

Dear sir,

It is a great privilege to be associated with a renowned gastroenterology super speciality Institute of Liver and biliary sciences, Delhi.

Since we have started telecommunication our postgraduate students are motivated and have started diagnosing and treating cases of hepatobiliary disorders with confidence. As every session is interactive, case based and discussed by experienced faculties our students are getting efficiently and effectively trained.

It is really a great initiative and will help immensely to the students and patients as there is no gastroenterology super specialist available in our institute.

I congratulate you and your enthusiastic and experienced team for your sincere efforts, of following the schedule and timings meticulously.

Please continue your support further.

Yours faithfully,
Dr. Meenakshi Bhattacharya.
