

"This Project ECHO (Extension for Community Healthcare Outcomes) is an innovative new model of health care education which will multiply the teaching capabilities exponentially. Initiatives by ILBS will impart knowledge and make the clinicians self sufficient on variety of hepato-biliary diseases. With this we are inspired to provide best available care to our patients and inspire the coming generations."

Dr. Murtaza Akhtar

MBBS, MS, MMSc, FMAS, FAIS
Professor & Head, Dept of Surgery
NKP Salve Institute of Medical Science
Digdoh Hills, Hingna Road, Nagpur-19
